

A black and white photograph of four people (three women and one man) sitting around a table, engaged in a discussion. They are all wearing glasses and appear to be in a professional setting. The text 'Adult Day Multi-Disciplinary Team Training' is overlaid in white on the image.

Adult Day Multi-Disciplinary Team Training

On Lok PACEpartners provides a one-day intensive training designed to support your adult day multi-disciplinary group's development into a high-performing team. Through On Lok's interactive, thought-provoking approach, your team will coalesce as a group while acquiring new skills to enhance service delivery.

Outcomes you can expect for your team:

- Improved **collaboration** and **problem-solving** skills
- Enhanced **meeting facilitation skills** for all members of the team
- A shared understanding of what it means to be **truly client-centered**

The training agenda will include the following topics:

- **Maximizing Multi-Disciplinary Team Meetings**
- **Risk Tolerance in Senior Care**
- **Implementing Client-Centered Care**
- **Social Styles and Communication**
- **Team Dynamics and Interventions**

In addition, On Lok trainers will discuss and respond to specific challenges and concerns of your particular team, for a customized experience.
